Modern Civilization vs. Mormonism.

Brigham Young, in one of his sermons, said, that, "what is known as modern civilization is instinctively and naturally arrayed against the Latter Day Saints, and Mormonism, as revealed by Joseph Smith and the Prophets of this people." That the conflict would go on until the Saints rule the earth and are kings and princes over the balance of the world.

"Modern civilization" has instinctively and naturally accepted the conflict, and we, notwithstanding the chagrin of the Mormon diplomats, go with the civilization.

Since man has arrived at the age of moral responsibility, there always has been, and always will be, a conflict between right and wrong. The American Government was established and its foundation laid upon the idea of religious and political freedom, as the experience of past ages had proven the fallacy and mischievous tendency of spiritual or ecclesiastical interference in the secular affairs of men. Church and State were separated. Creeds were no longer to be used as a vast engine for evil, out of which had grown some of the most cruel and bloody wars.

Religious belief should be free as air, and rest wholly upon the consciences of the people. Has there been any improvement made upon this form of government? "Yes," says Brigham Young, Prophet, Seer and Revelator,—"Mormonism!" Now, we have searched the annals of history in vain to find a system of government which will begin to compare with that of the Latter Day Saints in its concentrated spiritual and secular tyranny. Root and branch, it utterly and absolutely ignores the freedom of the individual. The priesthood own him body and soul—tells him to go there, and he goes; to come here, and he comes; confiscates his hard earnings and starves his children; separates husband and wife, wife and husband; forces the young maiden to accept the embrace of tottering grey-headed imbecility.

It has been stated on creditable authority that a bishop in the Church in this vicinity, to rid himself of the annoyance of a desecrated and petulant wife, chained her to the ground, in a cellar, and kept her in that gloomy abode for one long and wearisome year. A Mormon court of justice quelled the atrocious proceeding, and the Mormon church hierarchy sent the aforesaid bishop on a mission to Europe, there to picture to the hard-worked, unthinking classes, Utah as a modern Eden, flowing with milk and honey. Bringing them here, they are rushed through the "Endowment House," and bound by terrible oaths not to break their covenants. To whom are they bound by these oaths? To truth? justice or charity? No! But to the "Mormon priesthood"—to obey them. The United States Government, kindred or family ties are all ignored, and the man or woman who comes out of this "Holy of Holies" has the fear of death always before his or her eyes, if they do not yield submissively to the control of designing men. From the moment an emigrant "Saint" arrives in Utah, he is taught to hate the Government and to believe in the "fulness of time," when its authority is to be thrown off. In what other country would such an institution be allowed to exist? Could all these people obtain over six feet of ground in the old countries?

It is the charity and humanity of the United States which has built up Utah. When our country was struggling in the earthquake of the slavery rebellion, and every household weeping over the graves of its best beloved—when the ripest culture and the best civilization were being murdered by the red hand of slavery's barbarism—did one word of hope or sympathy go forth from Utah's "Saints"? No! Only one lone woman's voice was heard, and she was, and is, persecuted for uttering it. Brigham Young has boasted that he could buy the richest Prince in Europe. Yet, from all this fitting grown out of the soil of the United States, did one cent go to bind up the broken bodies and heal the bleeding wounds of that army of heroes who were drenching forth their blood on the soil of the continent down to its granite bed? Not one farthing! What did Mormon loyalty then preach from their pulpits?

Heber C. Kimball said he should rather the south would win; but that he prayed every night to the good God that we might fly at each other's throats until none were left. Then, with the antics of an ape and the venom of a serpent, hurried forth to admiring audiences at the Bowery his vulgar invectives—calling the currency of the country "Lincoln skins," and the soldiers "Lincoln's hirelings."

Brigham Young, also, in one of the abusive and vulgar discourses, in which he occasionally indulges, said we would all "go to Hell across lots" and might "blow our snotty noses if we did not like to hear the truth"—giving his thumb a significant twitch over his shoulder—saying "we know where help for us is coming, and what we are about." Now these leaders are very loyal. Brag and bluster, along with prophecy, having failed, resort must be had to diplomacy—until the "fulness of time." Weak

kneed "Gentiles" are humble and pliant tools, and one can hardly help admiring the ability and shrewdness with which the diplomatic head of the "Saints" wields them to his purposes.

Our country, with its far-reaching streams and luxuriant soil, with its inexhaustible wealth and physical resources, lying wild and unknown through all the conflicts, superstitions and abuses that marked the progressive history of the old world, was not revealed to become a fresh theatre for the re-enactment of a similar humiliating drama; and every form of society which attempts to rob man of his birth-right and turn "modern civilization" back to worse than primitive barbarism will be swept away by the irresistible power growing out of the brain and spirit of a free people. No matter whether its manifestations are the result of the degrading influence of Southern Slavery, or that of an arrogant and ambitious Priesthood here in Utah, claiming to talk full to face with God, and looking into the eyes of Divinity—with one hand flogging the hard-wrought earnings of a poor, credulous people, and with the other forcing woman into the blackest depth of social degradation and sacrificing the most ennobling sentiment of the human heart upon the altar of their own gross and selfish sensuality.

BY PACIFIC TELEGRAPH.

(SPECIAL TO THE DAILY UNION-VERETTE.)

CONGRESSIONAL SENATE.

Washington, June 26. The Senate passed the House bill extending the term of the bureau two years, with several amendments, which sends it back to the House for concurrence; it also refused, by yeas 17, yeas 19, to take up the Niagara Ship Canal bill, which disposes of the matter for this session.

The Senate passed the House bill creating a Surveyor General in Idaho Territory; also, passed the House bill making the Legislative session of Washington Territory biennial and increasing the compensation of members.

The Conference Committee on the joint resolution for the relief of Goodwin and Corning for carrying the mails from Boise City to Idaho City; the committee made a report reducing the amount from twenty to ten thousand dollars, which was agreed to.

The Conference Committee on the bill for the transportation of nitro-glycerine, reported an amendment extending the provision to nitro-glycerine, or blasting, or nitrate oil or powder mixed with such oil or substance, changing the penalty from \$100 to not less than \$1,000, nor more than \$10,000, and requiring the substance to be surrounded by plaster Paris or other material that will be non-explosive saturated with such oil or substance. The amendments were agreed to and the bill as amended passed.

The Senate in executive session confirmed Gen. D. H. Strother as Consul to Buenos Ayres, and Gen. G. M. Dodge as Consul to Bremen, Daniel Mace as Postmaster at Lafayette, Ind., Gen. O. L. Mann as Collector of Internal Revenue at Chicago, and rejected Stonaker, of wax flower notoriety, for Collector at Philadelphia.

HOUSE.

The tax bill with 665 Senate amendments, was taken up in the House, and Morrill wanted the whole subject sent to the Conference Committee at once, but the House preferred to act on the amendments, and the bill was accordingly referred to the Ways and Means Committee.

The House then, by a vote of 96 against 38, passed the bill, heretofore telegraphed in full, to amend the Pacific Railroad Act. A long and exciting discussion arose on the bill, participated in by Stevens, Wilson, of Iowa, Davis, Higby and Kasson. Stevens explained that the first section was simply due to the Kansas division, from its having heretofore manifested and betrayed by operators now interested in the Omaha Branch, and that the second section was correct. The fraud perpetrated in the report of the Conference Committee, last Congress, whereby the California Company was prohibited from coming eastward more than 150 miles. The following voted nay on the passage of the above bill: Allen, Allison, Ames, Baldwin, Banks, Blaine, Boutwell, Chandler, Cook, Davis, Dawes, Deming, Eliot, Eldridge, Grinnell, Holmes, Hooper, Hubbard, Conn, Humphrey, Julian, Marston, Patterson, Perham, Pike, Price, Randolph, Rice, Maine, Rice, Mass., Rollins, Sawyer, Spaulding, Taylor, Warner, Washburn, Mass., Wentworth, Wilson, Iowa, and Windom.

The Committee on Claims to-day by a vote of 4 to 3, decided to postpone until next December, any further consideration of the Senate bill for the relief of the iron-clad contractors.

GENERAL NEWS.

Washington, June 23. The President's Message of last Friday is herewith transmitted: "I submit to Congress the report of the Secretary of State, to whom was referred the concurrent resolution of the 18th inst., respecting the submission to the Legislatures of the States of an additional article to the Constitution of the United States. It will be seen from this report that the Secretary had, on the 16th inst., transmitted to the Governors of the several States certified copies of the joint resolution passed on the 13th, proposing an amendment to the Constitution. Even in ordinary times, a question of amending the Constitution must be justly regarded as of paramount importance. This importance is at present enhanced by the fact that the joint resolution was not submitted by the two Houses for the approval of the President, and that of the thirty-six States which constitute the United States, eleven are excluded from representation in either House of Congress, although, with the single exception of Texas, they have been entirely restored to all their functions as States, in conformity with the organized law of the land, and have sent to the national capital Senators and Representatives who have applied for admission and been refused their vacant seats. Nor have the sovereign people of the nation been afforded an opportunity of expressing their views upon the

important question which the amendment involved. Grave doubts may therefore naturally arise as to whether the action of Congress is in harmony with the sentiment of the people, and whether the State Legislatures, elected without reference to such an issue, should be called upon by Congress to decide respecting the ratification of the proposed amendment. Waiving the question as to the Constitutional validity of the proceedings of Congress upon the joint resolution proposing amendments, or as to the merits of the article which it submits through the Executive Department, it is to be observed that the steps taken by the Secretary of State, as detailed in the accompanying report, are to be considered as purely ministerial and as no source of doubt whether any amendment of the Constitution ought to be proposed by Congress and pressed on the Legislatures of the several States for final decision, until after the admission of such Senators and Representatives of the now unrepresented States as have been or may hereafter be chosen in conformity with the Constitution and laws of the United States."

(Signed) ANDREW JOHNSON. By the President, Wm. H. SEWARD, Sec'y. of State. Foreign News. New York, June 24. The steamship Germania, with dates of the 12th, arrived. A letter read from the Emperor of France to the Corps Legislatif, after detailing the efforts to prevent a conflict, says: "Had the conference assembled my Government would declare France repudiated from any idea of territorial aggrandizement, and as long as European equilibrium remains undisturbed, France could only think of the extension of her frontiers in the event of the map of Europe being altered. To benefit the great Powers we should have desired, for the German confederation, a position more worthy of its importance for Prussia; better geographical boundaries for Austria; the maintenance of her great position in Europe after the cessation of Venetia; and for Italy the exchange for territorial compensation. The conference has failed. Will France be led to draw the sword? The French Government thinks not. Whatever may be the result the war which will be likely to break out affecting us, will be solved without the consent of France. The Austrian troops evacuated Holstein and are marching towards Hamburg. The Prussian troops entered Altona on the 12th. A Vienna dispatch says Gen. Von Goltz had originally received orders to maintain the position at all hazards; but it appearing, however, that the Prussian column was six times stronger than he was, and resistance being useless, he retreated.

From California.

San Francisco, June 21. The Western Union Company's bark Onward sailed to-day for Petropaulof, via Victoria, with Electricians' material and stores for the Collins Russo-American Telegraph line.

No efforts were made by the San Mateo authorities to prevent the prize fighting in their county. Taylor and Blackey fought ninety-seven rounds, in one hour and twenty-seven minutes. Blackey winning the fight by a foul blow, although the most severely injured of the two. Blackey was so severely beaten as to require surgical treatment.

The people are contributing liberally towards the coming Fourth of July celebration, and the display will not be a failure for want of funds. The San Francisco Stock Brewery filed certificate of incorporation to-day. The corporation is formed for the purpose of manufacturing malt liquors and disposing of the same. Capital stock, \$200,000.

The Overland mail is running very regularly, and with commendable speed. It has missed one day in the last two or three weeks, and on one occasion brought letters from New York in 21 days. At the evening Board, stocks closed as follows: Copper Point, \$1,000, seller 30 days; Savage, \$980; Yellow Jacket \$340; Ophir, \$390; Chollar-Potosi, \$186; Belcher, \$165; Imperial, \$32; Confidence, \$34; Overman, \$25. Legal tenders, 72.

San Francisco, June 22. T. F. Batchelder, a young lawyer of good standing, and special officer Anderson, of the Pacific Mail Steamship and California Steam Navigation Companies, were arrested last evening on a charge of conspiracy to defraud and cheat Samuel Blackfoot. The examination is still going on.

Quite a sensation was produced in the harbor this morning by the arrival of the U. S. steamer Vanderbilt, which is to be the flag-ship of the Pacific squadron, accompanied by the double-turreted monitor Monadnock. Among the naval officers who came out in the Vanderbilt is Com. Rogers, who is to command the fleet on this coast.

Andrew McElroy, arrested on the charge of robbery Collector R. L. Adams, of Astoria, has been charged on the police docket with grand larceny.—He has already made a full confession of his complicity in the robbery.

The case of John Duane, charged with complicity in the killing of Wm. G. Ross, was submitted in the Police Court to-day without argument. The charges of riot against the Duane brothers, and also the charge of shooting a dog, against Charles Duane, were continued for argument until next Tuesday. After these matters had been arranged, the Judge said that he could dispose of the homicide case as well now as at any time. There was a large amount of testimony in the matter which was very conflicting, but the case was one of unusual importance, and he considered that it should be sent to the Grand Jury.—The defendant was therefore ordered to be held to answer before the County Court.

DOMESTIC MARKETS.—Flour, sales of superfine half sacks, per 196 lbs., at \$5.35. Legal Tenders, 71@72.

Gen. Sherman was expected at Superior City on the 4th of June, and the revenue cutter Dix, with Maj. Gen. Ord and staff, was there to receive him.

Result of the investigation of the Provost Marshal General's case is said to be very damaging to Gen. Fry.

The Daily Union Advertiser

Local and Miscellaneous.

CAPTAIN G. F. PRICE reached Denver on the 23d.

Mr. L. B. SCOTT, of the Sutter's Store at Fort Bridger, arrived in town yesterday.

The regular monthly review and muster of the troops at Camp Douglas, takes place to-day.

GENERAL CONNOR left Chicago on the 19th, and may be expected in this city on the first of July.

WARM.—Thursday the thermometer was 91° above zero at Camp Douglas, and yesterday was not much cooler.

At his own request, made before his death, the remains of General Scott were wrapped in a large American flag made for him in the spring of 1861, by a young lady of Washington.

ATTENTION is called to the extension of the time for receiving bids for furnishing fresh beef at Fort Bridger. The contract will be awarded on the 10th inst. instead of the 1st of July.

(FOR THE VEDUET.)
Why? Oh, Why?

"The strange, I vow,—if we have believed in the truth of the Lord's revelation,—that God, when He bled and fair Eve for Adam's express devotion, Did not—ill further these 'vain'—to console—Fit a more of the 'dears' under Adam's control."

NAT STEIN, the new Postmaster of this city, is still in Philadelphia, but expects to be here about the first of August. In the meanwhile his brother, Aaron Stein, has been authorized to take charge of the Post-Office in this city, which he will probably do on the first of July.

In the Supreme Court in Chambers, held yesterday forenoon, Judges Titus and McCurdy granted the application of M. H. Forscutt for an *interlocutory* injunction against the city of Salt Lake. We fear "Judge" Clinton has found himself in a somewhat snaggy channel.

JUDAS A. G. LAWRENCE, Special Post Office Agent, left on the Western coach Friday for Egan Cañon, from which point he will proceed to the Pahranaagat Mines and establish the necessary Post Offices and Mail Routes. He is accompanied by Capt. Albert Brown, late of the 2d California Cavalry. The Overland Mail Company has placed a special coach at their disposal.

THE FOURTH.—The arrangements for the celebration of the Fourth are progressing very favorably. The locality selected is one of the finest in the Territory. There is an abundance of trees, and the ground is well adapted to dancing. Parties have been engaged to build sheds and take charge of horses through the day. The services of the Camp Douglas band have been procured for the occasion, and, in fact, every arrangement has been made to ensure the pleasure and comfort of all who attend. The main party will leave Independence Hall at 7:30 o'clock in the morning, and it is hoped that every member of the Y. M. L. Association, and all others invited, will be on hand.

From the West—A. A. Hoyt, Mrs. A. Cohn, M. L. Morris and two children, L. B. Giles, M. Morris.

To the West—Judge A. G. Lawrence, Captain Albert Brown, Wm. Clift, J. E. Givens.

From the East—L. B. Scott, Lieut. Logan, J. M. Trivett.

To the North—A. G. McComb.

Proposals for Wood and Hay at Fort Bridger.

OFFICE ASSIST. QUARTERMASTER, Camp Douglas, U. T., June 27, 1866. SEALED PROPOSALS, in duplicate, will be received at the Office until 12 o'clock, M. on MONDAY, JULY 16, 1866, for the supply of the following articles at Fort Bridger, U. T.: Seven Hundred (700) Cords Wood. Two Hundred and Fifty (250) Tons Hay.

The articles to be supplied must be of the best quality. The wood must be cut in lengths of eight (8) feet, split, and properly corded in such part of the Fort grounds as may be selected by the A. A. Q. M. No small limbs or decayed wood will be received.

The Hay must be well cured and made from the best quality of native grasses. It will be subject to inspection and weight, and must be delivered and stacked by the Contractor on the grounds at Fort Bridger.

The stock must be of the following dimensions: Twenty-two (22) feet wide at base; thirty (30) feet wide at bulge; 12 feet from base; twenty-five (25) feet high, and of sufficient length to contain the 250 Tons. The contractor must also furnish Salt at the rate of twenty (20) pounds to the ton of Hay. The stock must be properly built, and carefully raked off to protect it from the weather. The drainage poles must be at least ten inches thick and so arranged as to prevent the Hay coming in contact with the ground and to afford free circulation of air under the stock.

The parties, to whom the contract may be awarded will be required, within forty-eight (48) hours after the acceptance of the bids, to give bonds, equal to fifty (50) per cent. of the amount of the contract, for the faithful performance of the contract.

Each Proposal must be accompanied with a statement signed by the persons offered by the bidder as his securities, stating their willingness to enter into bonds in case the contract should be awarded to said bidder.

In the case of "Firms" making bids, each individual name must be written out. A copy of this advertisement (a slip out from this paper) must be attached to each copy of proposals.

Payment to be made in such funds as may be furnished by the U. S. Government. Proposals to be enclosed in an envelope, and endorsed "Proposals for Wood and Hay at Fort Bridger," and directed to the undersigned.

The Government reserves the right to reject any or all bids. No bids will be considered unless the party making it is present.
